No Public Transit Sundays

Due to lack of funding, Crawford County Public Transit (Dial-A-Ride), will no longer operate on Sundays; effective August 1, 1978. The hours of operation will be: Monday through Friday only, 7:30 a.m. to 6:00 p.m.

It is with regret that this announcement must be made, but with maintenance costs rising as the buses get older, we can find no other re-course. Hopefully, with the promise of additional Federal funding in the fall, services can be restored, at least for the winter months.

Penny Holzman Lauded For Saving Stricken Friend

A 12-year-old Grayling girl, Patrice "Penny" Holzman was cited by Crawford County Sheriff Department Deputies for a courageous effort that is credited with saving the life of her friend, Sarah Annin, 13, also of Grayling.

Canoeing with her best friend on the backwaters of the AuSable River, Penny dove into the water to rescue Sarah, who had an epileptic seizure and fell out of the canoe, towed her to shore, administered immediate first aid, then sought help. A life was saved because of Penny's courageous and immediate response to a possible tragedy.

Penny is the daughter of Mr. and Mrs. Robert Holzman; Sarah the daughter of Mr. and Mrs. William Annin. "We couldn't have done any better," an investigating deputy said. Sarah was treated and released at Grayling's Mercy Hospital.

The Frederic Homecoming is just a little over a week away. We have lots of things planned for your enjoyment. The Homecoming dates are August 10, 11, 12 and 13.

Saturday, July 29th was a busy day for us. In the morning, we had a bake sale to raise money to help with the costs of the Homecoming. We wish to thank the women of the com-

munity who donated baked goods for it. It was really appreciated.

In the evening, we had a dance in the Frederic Sportsman's Hall. The guests danced to the music of the AuSable River Band. We wish to thank Marie and Doug Slater, Butch Weaver, Rod Dunkley and Todd Gabriel, who gave their time and talents to raise money for the Homecoming. A large crowd turned out and they really had a great time. The AuSable River Band will play for the Royal Ball, August 11th at the Frederic Elementary School.

There will be free prizes given out throughout the Homecoming by the Frederic businesses. The old timers trailer will be featured again this year. There is always a lot of interest in the displays, last year there were record turnouts of people who visited and showed an interest in old pictures and history of Deward, Maple Forest and Frederic.

We're looking forward to our Michigan Woodcutter's contest, which will be held Sunday, August 13th at 5:00 p.m. This is a new event for the Homecoming.

Another addition that we are all excited about is the Soft Ball slow pitch Baseball Tournament during the Homecoming. As an added attraction this year we

Stephan-Baker Win Canoe Race

by Joe Schrader

In the 31st running of the AuSable River Canoe Marathon, which old-timers years ago claimed "could never be run," Jay Stephan and John Baker, both of Grayling, paddled their way to a top \$1000 prize victory. The pair edged out last year's winning Canadian team of Claude and Serge Corbin, both from Quebec, by less than ten minutes.

Their winning time was 15:06.20, not a record, but a real achievement considering the event was plagued with thunderstorm activity throughout. The grueling, 240 mile canoe marathon began here in Grayling at 8 p.m. and ended up with the winning combination of Stephan and Baker crossing

the finish line in Oscoda at shortly after 11 a.m., Saturday. Two other Grayling canoe teams finished in the top ten with the combination of Bob Welch and Butch Stockton finishing in fourth position while a brother combination of Dave and Bruce King finished 9th.

Forest Hains and Jim Myers of Adrian topped the field in the Amateur Division, followed by Vaughn Henderson and Ron Nowlin of Williamson, Mi. The event, witnessed all along the way by groups of interested canoeing spectators, concluded before noon and ended finally with a banquet Saturday afternoon in Oscoda.

38th Inf. Div. In Training

[Special to the Avalanche] CAMP GRAYLING — National Guardsmen of the 38th Infantry Division from Indiana and Michigan are perfecting combat skills during the first week of their annual training stint at Camp Grayling.

About 6,500 citizen-soldiers of the Cyclone Division are on hand for the exercises. They have been joined by Regular Army personnel from the 9th Infantry Division who have been dispersed among infantry units for the purpose of sharing train-

ing experience. In addition, the 86th Combat Support Hospital and 431st Medical Detachment (Helicopter Ambulance) are here to support the 38th's training program. The division's intelligence staff is being supported by a team from the Army Reserve's 524th Army Security Agency Company. In all, Regular Army personnel and support units from other National Guard elements total about 1,000 personnel in addition to the division troops.

On Wednesday, civic leaders from the Grayling, Gaylord and Houghton Lake areas were guests of the division for its annual civic day observance, which affords community leaders an opportunity to become better acquainted with the personnel and functions of the 38th Division.

Friday is the date of the annual Division Review at the Camp Grayling parade field. A number of civilian and military dignitaries will attend the ceremony, at which outstanding units and individuals will be honored. The public is welcome to attend the event, which is scheduled for 4:00 p.m.

Among visitors scheduled to observe training activities during the first week of duty was Lieutenant General William B. Caldwell, who commands the 5th United States Army.

The 38th Infantry Division, headquartered at Indianapolis, has major elements in Indiana and Michigan. It is commanded by Brigadier General Robert D. Weliver, of Crawfordsville, Ind.

Approval Expected on \$300,000

Co. Home Improvement Grant

by Joe Schrader

Labeling it a "return of local tax dollars," County Board Commissioner Chairman Ed Lowrie announced last Friday that pre-application had been approved by the U.S. Housing and Urban Development Dept. which is expected to bring some \$300,000 for housing improvements to Crawford County. According to Lowrie, final application forms will be submitted in September, but approval of the pre-application is tantamount to final HUD approval.

The funding, when approved, is designed to assist low and moderate income families with property improvements. Although the County submitted a request for \$600,000, announcement that half that amount had been tentatively approved was welcome word to the Board of Commissioners.

Lowrie credited Jan Cornell, Community Development Director, as being instrumental in obtaining the needed funding. So did Jack Alf, Grayling State Bank President and Chairman of the Crawford County Commission on Housing, who commented on the positive impact approval of the funding will have for Crawford County and its residents.

In contrast to the last Governmental Grant, which was designated for "target" areas only, monies this year will be all-encompassing. Public hearings will be set for this month to determine where priorities will be established.

M-93 Crash Fatal to Two Montrose Residents

by Joe Schrader

A two-car crash just north of Hartwick Pines on M-93 took the lives of two Montrose women, injured five others and is currently under investigation by Crawford County Sheriff Department Deputies. According to the Sheriff's Dept., Marian Boswell and Verna Dunning, both of Montrose, were killed in the incident and pronounced dead at the scene of the accident. Two other children, riding in their vehicle, were treated and released at Grayling's Mercy Hospital. Three others in the other vehicle involved in the collision were also transported to Mercy Hospital and they included Linda Liddle and Debra Galkins of Fenton and Ronda Morris of

Swartz Creek. One of the three remains hospitalized with back injuries.

In another crash occurring at about 9:30 Saturday evening, eight persons, five occupying one vehicle and two in another collided on Old 27 at the M-93 junction with all requiring emergency treatment at Mercy Hospital. A car driven by Robert Vanderaa of Three Rivers, Michigan, collided with one driven by Phyllis Hamilton of Grayling, containing five of her children. The accident is still under investigation by the Sheriff's Dept., although all the traffic victims were treated and released from the hospital. (Photo courtesy of Dave Sherbert)

Campaign

(Continued from page 1)

minees for "their continued interest and contribution to the growth of Crawford County."

Objective of the drive, according to Mr. Fraser, Mrs. Kraus and other campaign officials, will be to raise an area financial commitment for the needed expansion and modernization project, now underway, with completion anticipated in early 1980. The fund-raising campaign, with an expected October 15th deadline, will encompass a six-county area including, in addition to Grayling and Roscommon, portions of the counties of Montmorency, Oscoda, Otsego and Kalkaska which Mercy Hospital now serves.

The overall project will bring the hospital up to standards which comply with public health and fire safety codes, but even more importantly, will vastly improve and expand medical services to the communities which it serves.

Chairpersons Fraser and Kraus report that additional sub-committees are now being formed to meet the need of persons required to achieve the goal through their efforts.

Mrs. Kraus, wife of Grayling State Bank Executive Vice-president, William Kraus, has always been active in community activities here in Grayling and is owner and manager of the Village Shop located in the Mini-Mall. She is currently a Chamber of Commerce Board Member and acted as Board President in 1976-77. She has been a member of the Hospital's Advisory Committee for the past two years. She is the mother of three sons, William, Jr. and Richard, both residing out of town and James, at home.

Hospital Campaign Officials identify the Steering Committee post as "A key leadership position of utmost importance in order to get the Campaign underway." Ron Fraser was selected to assume that position. Fraser, a Grayling resident for the past seven years, owns the Holiday Inn franchise in Grayling. A Pennsylvania native, Fraser moved to Grayling in 1971 after owning and operating a business in Bay City, where he resided for 15 years prior to his move to this area. He has also been active in community matters and has served on the Chamber of Commerce Board the past three years, now serving as 1st Vice-President. Sister Mary Hilda identifies his role in the campaign as providing "counsel to campaign staff personnel, and reflecting a positive public attitude. He is a major determinate of campaign policy and strategy," she continued, "and his primary goal is to enlist key leadership in getting our campaign underway." Fraser resides in Grayling with his wife, Nora, and daughter, Leslie, 8 and son Shane, 5.

One major objective tied to the expansion move will be to attract additional medical doctors to the Grayling area. There are presently fourteen doctors with various medical privileges serving on the medical staff. A portion of the new hospital addition will be designed to accommodate a new doctor's clinic, which hospital officials predict will house additional doctors, including medical specialists.

Cost for the hospital expansion and modernization plan will be funded through public contributions, hospital operations fund, plus the sale of tax exempt bonds issued through the Michigan Hospital Finance Authority. Pledges in cash gifts or those spanning a 3-year period will be solicited by Campaign Workers.

GRAYLING, MICHIGAN — THURSDAY, AUGUST 3, 1978

From Our Corner....

Tuesday, August 8th is the day of destiny for the political hopefuls, when the two major parties, Democrats and Republicans, select their party's candidates to carry their colors into the fall general election in November.

Heading the ballot this year will be the office of Governor where four Democrats are vying for the right to meet Gov. Milliken for the top office in the state.

But more important for the citizens of Crawford County will be selecting their candidates in the grass roots of the political scene.

On the county level, only the Road Commission post will be decided on by the entire electorate in the county. Seeking the Democratic place on the ballot will be LeRoy Milliken and Gloria Kraus, while Glenn Sawyer is unopposed on the Republican side.

Also on the local level, candidates will be seeking a place on the fall ballot for County Commissioner posts which will be decided on by only the voters in their separate districts.

Likewise, will be all the offices in the township level, where candidates for Supervisor, Clerk, Treasurer, Trustees and Constables will be decided.

It is here where the decisions are made which govern our immediate way of life in our county ... our destiny, as far as the State Legislative and United States Congressional representatives are concerned ... Con-Con, back in the early sixties, took care of the out-lying small counties in favor of the metropolises.

At present we are figuring on flipping a coin next Tuesday, when we have to make our decision for United States Senator, Representative in Congress, State Senator and Representative in the State Legislature ... but, we are going to cast our ballot.

What we are trying to say when it all boils down, is, think out carefully who you want to represent you here at home ... and vote ... it is your privilege ... honor it.

We made a slight boo-boo last week when we gave credit to R. J. Hannan of the Nickelodeon for the use of the old time pictures of Grayling. We were right in getting them from R. J., the problem was, they were not his, but, came from a collection of Elna Mae Moshier's, former owner of Sorenson's Sporting Goods, where the Nickelodeon is now. We wish to apologize for the mistake ... and wish to add they were well received by our readers. Nostalgia never hurt anyone.

It was brought to our attention Monday night, and after we had read about the fatal accident on M-93, that something has to be done about the intersection of Old 27 and M-93 due to the traffic coming off I-75 through the business loop and the high school located on Old 27, a couple blocks from the intersection.

Throughout our years here, we have found a very negative view taken by the highway department when it comes to putting up any sort of traffic signal in our town ...

Possibly some of our county officials along with our road commissioners could look into a request for something more than a two-way stop sign, where no one knows who gets first chance to take off. But then, two stop signs are a lot cheaper than traffic lights, even if they are just blinkers, and our county just doesn't seem to have someone shouting for us in the right places.

It's a project worthwhile following up ... Our Corner will try to keep you up to date ... that is if anything happens ...

Just a note of congratulations to Jack, June and Doug Wilson on their celebration of the 28th Anniversary of Black and White Foodland in Grayling.

Have a nice weekend ... smile ... perhaps someone will smile back ... but, above all, Vote Tuesday, August 8th ... it doesn't hurt at all!!!

The Bible Speaks

From Calvary Baptist Church

Jesus Leaving Heaven Revelation 19:11-13

The return of Jesus Christ to this earth in judgment is one of the most vivid and awe provoking pictures of Jesus Christ in the Bible. The scene moves from Heaven to Earth in an unveiling of God's power, glory and majesty.

The scene begins with the words: "And I saw heaven opened." That restricted abode of God which earthly creatures have never seen, will suddenly burst open revealing the Heavenly king in His triumphant descent to earth. The Great Tribulation begins with anti-christ coming in on a white horse in Revelation 6:2. The Tribulation ends with the true Christ returning on a white horse from Heaven.

The character of Christ in light of His earthly mission is revealed in verse 11, "And He... was called Faithful and True, and in righteousness he doth judge and make war." Faithfulness is one of the most wonderful qualities any person can have. Jesus not only remains faithful to His Word, He also remains true at the same time. Just as He is faithful and just to forgive us of our sins now through His love and mercy, He will be just as faithful and just in punishing those whose sins are not forgiven in His justice and wrath.

The battle of Armageddon will be a justifiable and righteous war in which millions of rebellious sinners will die in direct conflict with Jesus Christ.

A further description of Christ is given in verse 12, "His eyes were as a flame of fire, and on his head were many crowns; and he had a name written, that no man knew, but he himself." Eyes as a flame of fire may well picture the penetrating and destructive judgment of Christ. Many crowns upon His head reminds us that He will be king of every nation on the earth. His name "that no man knew" will

obviously remain unknown to all but God until He returns.

The clothing and name of Jesus Christ is given in verse 13, "And he was clothed with a vesture dipped in blood; and his name is called The Word of God." The blood upon His clothing reminds us that He was the lamb of God from chapter 5 whose blood was slain to redeem us to God. His blood reminds us also that He is not only a God of redemption to those who trust Him, but also a God of wrath and vengeance upon all those who reject Him.

"And His name is called The Word of God" reminds us immediately of John's gospel of the incarnation of Jesus Christ. "In the beginning was the Word, and the Word was with God, and the Word was God... And the Word was made flesh, and dwelt among us, (and we beheld His glory, the glory as of the only begotten of the Father,) full of grace and truth. John 1:1, 14. (adv.)

ATTEND BOYS' STATE—Four Grayling students attended Boys' State at Michigan State University during the week of June 14-21. Boys' State is sponsored by the American Legion, and gives those attending an in-sight on the workings of our government, each one taking some part of an elected office from county through state, in the democratic process. Shown from left, Jeff Parkinscn, who was sponsored by the Grayling Rotary Club; Skip Olsen, and Dean Morford, both sponsored by the Grayling American Legion Post 106; and Rich Allen, sponsored by the Grayling Kiwanis Club. All four will be seniors this fall at Grayling High School.

Bits O' Talk

By Fay Bovee

Mr. and Mrs. Ed Comfort (nee Alma Bidvia) and daughter, Kelly, of Jackson are spending a few days with her sister, Martha Speights.

Mr. and Mrs. Matt Bidvia visited Mr. and Mrs. Frank Netkowski in Rogers City.

Edith Bidvia of Detroit vacationed in Grayling for two weeks visiting her sister, Martha Speights, and other friends and relatives.

Dr. and Mrs. Armin Fuhlbrigg of Toledo are spending much of the summer at their Lake Margrethe residence. Their son, Tom Fuhlbrigg was here over the past weekend. Guests for a few days were his mother, Mrs. Hilda Fuhlbrigg of Toledo, and a sister and husband, Mr. and Mrs. Arthur Goeres, of Independence, Missouri.

Thank all of you for your phone calls this week. Keep that news coming. Our out-of-town readers enjoy hearing about the home town.

Chum and Marilyn Longworth were happy to have their daughter-in-law and her son, Norma Kasper and 4-year-old Jason, of Saginaw, as guests for a week. Never a dull moment with a 4-year-old around. The Longworths spent the weekend in Saginaw attending a niece's wedding and Chum managed to celebrate his birthday three days in a row. Happy Birthday, Chum!

Mrs. Arthur Carlson spent four days as the guest of her sister-in-law, Mrs. Beulah Nelson of Battle Creek at the Gull Lake Bible and Missionary Conference held at Hickory Corners, MI. She was accompanied home by her granddaughters, Jennifer and Angela Olson of Lawton.

Rod and Julie Powers of Hart spent a few days visiting her parents, Mr. and Mrs. Arthur Carlson. From here they went on to Petoskey to visit her sister, Cindi Shepler.

ANNIVERSARIES
PARTIES

As a fitting prelude to the start of this year's Milltown Festival, Wayne Hindmarsh was named "Citizen of the Year", the announcement made at last week's Thursday Night Kickoff Dinner. Hindmarsh, owner-manager of WQON radio, and formerly with WGRY, was cited as "a young man who gives of himself, wholly and enthusiastically."

Hindmarsh has been a stalwart community supporter over the years. His extra effort, time and devotion, given, beyond the point of career responsibility and good business practice, earned him the recognition and distinction the Award carries with it.

He has been active in any number of community functions, participating in and being Chairman for example, in Festivals, parades, fund-raising activities and all related functions, including the Centennial Committee. He was Chairman for this year's Milltown Festival. He has also contributed his services to local groups in fund-raising activities.

Finalizing the selection of Wayne Hindmarsh as "Citizen of the Year", it was said that, "Any community would feel fortunate to have a Wayne Hindmarsh and we are grateful that he is in Grayling."

Dear Sir:
On Tuesday, August 8, the residents of Lovells Township are to vote on a proposal to increase the millage for the Volunteer Fire Department from 0.5 mills to 1.5 mills. Since it has been agreed that the millage for trash collection will be reduced to 0.5 this would mean an increase in the total tax of 0.5 mills.
The Fire Department is composed entirely of volunteers. No member receives compensation of any kind. The equipment is antiquated; we are operating with a 1947 model fire engine pumper; other equipment is either totally lacking or is inadequate. Much of our present financial support comes from our community parties and dinners. We are grateful for the help of our staunch supporters in this direction but it is in no way adequate to meet the needs of this vitally important service in our community.
As a member of the Volunteer Fire Department, I strongly urge a Yes vote for a 1.5 mill allocation for this essential community service.
Also, we would welcome the services of anyone who would like to serve the community as a member of the Fire Department. Just contact me or any other member of the Department.
A Yes vote on Tuesday, August 8, for the millage proposal for the fire department is urgent.
Sincerely,
Kenneth R. Cavanaugh

Congress Clears Bill For SBA Solar Loan Program

A \$75 million loan program for small businesses involved in solar energy, renewable energy and energy conservation fields was cleared by congress June 19, 1978.

The bill (HR 11713) authorized \$30 million in fiscal 1979 for the Small Business Administration (SBA) to make direct loans to eligible businesses. The bill made loans available for plant start-up, construction, conservation, conversion or expansion for firms producing solar, renewable sources, or energy conservation equipment. Engineering, architectural, and consulting firms in those fields also were eligible.

Eligible renewable energy equipment is defined as that involved in the production of hydroelectric power, wind energy, energy from wood, grain, biological waste, or other biomass or energy from industrial waste.

Sponsors of the bill said it was needed to provide start-up capital for untested new energy businesses that had difficulty obtaining financing from commercial sources or through regular SBA loan programs.

Persons interested in obtaining further details can contact Daniel Smith, Energy Coordinator, or the Small Business Administration.

Sweet Adelines Activities

Our summer vacation is over and the Mid-Mitten Chapter has been back to their regular rehearsal Wednesday, July 26th at St. Elizabeth's Parish Hall. After a week off it was back to the rusty vocal chords to prepare for singing at the Mid-Mitten Chapter Convention at Grayling on Saturday, July 29th. We also had a nice crowd at the Houghton Lake Playhouse on Sunday, May 16th for the Mid-Mitten Society.

We were very happy to have four guests at our rehearsal and am sorry to say I didn't get all their names. Gail Gardner returned to visit; Opal's daughter visited who is a member of the Thumb Area Chapter. Gen brought a visitor from the lower Michigan area, and we were happy to welcome a new resident, Peg Johnson, who recently moved here from California and lives on the north end of Jan. It's nice meeting our new neighbors at Sweet Adelines. We hope Gail and Peg will continue coming and join our chorus.

We were very sorry to hear member Paula Youngberg burned herself in an accident at home. We all wish her a very speedy recovery.

Dear Sir:

The Midtown Festival, we believe, was a success, and those participating all had a good time.

With reference to the Festival Parade, however, we appreciate the addition of the floats from Gaylord, Fredrick, etc. — but everyone remarked — Where are the Bands? They were conspicuous by their absence! Isn't it a bit unusual to have a parade without some music?

The taxpayers of this county are paying for support of the schools, which also includes the two bands, — and when they are in need of new uniforms they do not hesitate to ask the local merchants and citizens for donations to purchase them. Then, why don't these bands feel an obligation to be present when our community is having a Festival? It would seem that this is the least we can expect.

Telephone Reassurance - Life Line to the Live Alones

Do you ever take the time to sit quietly in your favorite chair, close your eyes and ears and "Remember"? Remember the lovely white lace party dress; the precious little brown puppy who chewed a hole in your best shoes; picnics at the park where the large wooden swing hung from the old oak tree; the aroma of bread baking and the good taste of fresh homemade cookies "dunked" in milk. Remember jumping rope, playing hop scotch and baseball, running fast and never getting tired?

If you are fortunate, you can enjoy these periods of remembrance sometimes even sharing them with a husband or wife, a daughter or Aunt May. Although some of us don't see as well as we used to or hear as much as we thought we did, these memories often are as vivid as the day they happened. Sharing them with someone makes the joy almost exist again!

Did you realize that there are many people who spend every day of their lives alone? Never sharing their memories, never using their vocabulary, always knowing that no one really cares about them personally? They exist from day to day only to become more depressed, frightened, withdrawn and discouraged - more alone.

All of us spend so much time being concerned about "Me". When you are helping others, the "Me" gets taken care of through the giving of oneself. For some reason the altruists in your fingers will be less severe after sewing a button on the shirt of a person who has paralysis of a arm, the custodian putting a good tasted in good, maybe because it was shared with a person no longer able to cook for himself, the student to share much brighter after taking machines to a person who suffered a stroke. You may find yourself feeling very tranquil and satisfied after reading to a blind person.

We desperately need people to participate in the Telephone Reassurance and Friendly Visiting Programs. The purpose of the Friendly Visiting Program is to provide an organized plan for visiting individuals who may be living alone - providing a time to recognize problems, obtain assistance if needed and give reassurance.

THANK YOU

We would like to thank all the wonderful people of Grayling who helped us in so many ways when our home burned.

It was really gratifying to find we had so many friends to help us through this rough spot in our lives. God Bless you all.

Sincerely,
Bruce and Corinne Smith

CARD OF THANKS

We wish to thank Mr. A. Westervelt and Ray's Carole Lively for our weekend game and camping trip.

Frederic Boy Scout Troop 378

The Telephone Reassurance Program provides calls seven days a week at a pre-arranged time to ill, disabled or elderly persons who live alone. The purpose of the calls is to determine their condition and to provide community contact over a sustained period of time.

There are so many of you with as much to give. Won't you share yourself with another person? If everyone is welcome to participate, not just senior citizens.

Join Barbara Lange, R.N., August 8th at 2:00 p.m. in the fourth room at the Senior Citizen Center, 308 Lelandale, Grayling. Bring a friend, enjoy some refreshments and find out more about these very worthwhile programs. Remember, Love isn't just shared.

KITCHEN BAND PERFORMS IN FLINT—The Senior Swingers Kitchen Band performed at the Flint Alpenfest on July 28th. We traveled to Flint and played at Kearsley Park. There were other kitchen bands from all over Michigan. We rocked the park with a lot of our favorite tunes, and had a lot of offers to perform at other towns.

The band was in good form and we really had a fun trip. It's really a pleasure for me to be part of the band and have such a nice group to work with. (Connie Vaughn)

study experience in a setting that is world renowned for physical beauty, excellence of faculty, and outstanding educational achievements.

The personal rewards and enthusiasm of the returning camper generates musical commitments - sometimes for life - and increases their contribution to their local school band and orchestra ensembles.

As Tim says after his first three days at camp, "It's a great place, thanks for the chance to go, and a special thanks to Mr. Christian".

Each summer for the past 42 years the University of Michigan has provided an opportunity for talented school musicians to study for two weeks at the National Music Camp at Interlochen.

Timothy H. Taylor, son of Sandra Taylor and Howard Taylor, Grayling, was selected to be a member of the horn section in the Intermediate Orchestra during one of the two All State sessions at the camp. Many applications are received by the evaluation committee every year from students who have superior or high ratings at solo festivals, who have outstanding recommendations from their local band and orchestra directors, and who are recipients of one of the many types of scholarships offered by the University of Michigan.

Tim, who plays first chair horn in the Middle School Band, was highly recommended by his band director, Leroy Christian. Many thanks should be offered to Mr. Christian for his serious commitment to excellence in musical achievement with our local school music ensembles.

Tim, in attending the National Music Camp, becomes a small but very necessary part in the fundamental purpose of the All State Musical Camp. Students from throughout Michigan with outstanding and advanced musical skills are brought together and provided an intensive musical

RECEIVE M. OF D. HEALTH CARE AWARDS— Pictured above are three girls who have each been presented with a \$400.00 March of Dimes Health Care Award.

Left to right are: Mary Agnes Vinicki of Gaylord, who will be attending L.P.N. Training at Northwestern College, Traverse City; Cynthia Larson of Grayling, who will be attending R.N. Training at Lake Superior State College, Sault Ste Marie, Michigan; Karen Beauchamp of Houghton Lake who will be attending L.P.N. Training at Kirtland Community College, Roscommon; and Sally Hartig of Grayling, Secretary of the North East Chapter of the National Foundation March of Dimes.

This money was raised through the efforts of the many people who volunteered their service for the local Walkathons, Mothers' March and the mail programs. Forty percent of all money raised remains in each county to be used to scholarships, hospital maternity department equipment and training of the personnel to use it.

If you would like to have a part in such an important role in your community, please give generously when a March of Dimes Volunteer calls on you for a donation, or for your services. The annual Walkathon for this area will be held September 30, 1978 and we look forward to having a very successful Walk this year.

The annual Mothers' March will be held in March, but the date has not been given at this time. We, the North East Chapter of March of Dimes, would like to thank everyone who has helped make this presentation possible and wish the best of luck for these girls as they enter the Health Care Field of training.

We hope that you will continue to support the March of Dimes in your area.

DISTINGUISHED SERVICE MEDAL—By Order of the Governor of the State of Michigan, Corporal Robert C. Annis was presented with the Distinguished Service Medal, Thursday, July 27, 1978 by Col. E.A. Rutkowski, Commander of Camp Grayling.

CPL Annis received the Medal for his exceptional meritorious service as Field Production Recruiter for the ARNG Training Site. CPL Annis' dedication to duty and countless additional hours resulted in one of the most impressive recruiting records in the Michigan National Guard during the period of 1 May 1977 to 30 April 1978. As the production recruiter for Camp Grayling ARNG Training Site, CPL Annis was instrumental in surpassing the State of Michigan's recruiting goal and establishing a record for all to emulate. His self motivation and attitude is above reproach. His ability to execute and maintain a recruiting program at such a high level of proficiency reflects the highest credit upon himself. The Camp Grayling ARNG Training Site and the Michigan National Guard.

C.S.M. HALSTEAD HONORED—Governor William G. Milliken presented Command Sergeant Major Claude T. Halstead with the Distinguished Service Medal Friday, July 14, 1978, at Camp Grayling during the Governor's Annual Review of the State of Michigan.

CSM Halstead distinguished himself through his exceptional performance of the duty as the Command Sergeant Major of Camp Grayling. The unusual initiative, professional competence and sound judgement he has displayed is measured by his achievement of consistently outstanding results. While serving on the Post Commander's Staff, CSM Halstead rendered timely advice in a clear and concise manner that demonstrated his acute awareness and deep concern in matters that involved the enlisted personnel of this Command and the Michigan National Guard. The initiative, leadership, pride and loyalty he has consistently displayed has earned him the respect of all who have contact with him. CSM Halstead's professional competence, outstanding achievement and service was in keeping with the highest traditions of the military service, and reflects great credit upon himself, the Michigan National Guard and the United States Army.

Esther has the most beautiful flowers of anyone I know. Every plant she touches seems to grow magically. When her sister discarded some seedlings, Esther rescued it. Within months the plant had grown until it reached the ceiling.

Houseplants must be tended regularly. They must receive water and food. The earth in which they grow must be loosened periodically.

If Christians are to survive and flourish, they must receive the nurture that comes from worship. God's Word, prayer and meditation strengthen and fortify them for a rich life. God's help is OUR tender loving care.

Find it in church this Sunday.

Almanack

Statistics

America's fascination
for figures brings list

Richard Millman

Most Americans appear to be fascinated by statistics; this corner is no exception.

Figures and comparisons, discreetly dropped into conversations at strategic moments, also can brand most anybody as a person of wit and perception.

Therefore, an Almanack Extra this week...presented herewith a plethora of statistical data, completely unrelated, but hopefully interesting and helpful:

—During the last decade, more than 15 million Americans have stopped voting. Turnout in presidential races has dropped from 63.8 percent in 1960 to 54.4 percent in 1976. The turnout in 1974 midterm elections was the second lowest in 150 years.

—Moonlighting is on the rise in this country. The number of citizens holding two or more jobs jumped by 600,000 last year to a new high of 4.6 million, or 5 percent of the employed population. Female moonlighters totaled 1.2 million up from 911,000 in 1976. Of every 100 moonlighters, 27 are women, while of every 1,000 women worker, 34 moonlight. Financial necessity was the main motive for one-third of those holding two jobs while 20 percent kept their second job out of enjoyment.

—Michigan is second only to Mississippi in percentage of population on welfare. Of Michigan's 9 million residents, 7 percent are on welfare; Mississippi is the leader among the state with 7.2 percent of its population; other ranking states are Illinois, New York, California and Mass. At the bottom of the list are Wyoming with 1.6 percent, and Nevada with 1.8 percent. The average ADC recipient in Michigan receives \$90.74 per month, while in Mississippi the average monthly payment is \$14.54—the lowest of any state.

—In Washington, the Office of Consumer Affairs reports that autos remain the top consumer complaint, running 22 percent of total complaints. The runner-up is mail-order complaints at 10 percent, followed by business practices 9 percent, credit practices 5 percent, and appliance complaints 3 percent.

—Some 2 million Individual Retirement Arrangement returns were filed by taxpayers in 1976, an increase of 670,100 over 1975. The average IRA contribution in 1976 was \$1,021.

—Non-union wages rose more than union wages during the first quarter of 1978, reversing the usual trend. Non-union wages increased 2.2 percent, compared to a 1.6 percent increase for union wages.

—Approximately 80 percent of the 900 million people in the People's Republic of China are under 35 years of age.

—Hungary has the highest suicide rate in the world—about 40 deaths per 100,000 population. That's up from a rate of 30 suicides per 100,000 just 10 years ago. Ranking next at a suicide rate of 23 are Denmark, Austria and Finland. The rate in the United States is 12 per 100,000.

—More than 75 percent of those who smoke today began smoking before age 21. Between 1968 and 1974 the number of teenaged smokers increased from 3 million to 4.5 million. Everyday, 4,000 teenagers become cigaret smokers. About 100,000 persons under age of 13 smoke regularly. More than 53 million Americans smoke cigaets; in 1975 alone, they spent \$14 billion on 620 billion cigaets. Over 37 million people—one out of every six Americans alive today—will die years earlier than they otherwise would because of smoking. Cigaret smoking was implicated in more than 320,000 deaths in 1977.

—In two-thirds of American households, the woman writes the checks and pays the bills, regardless of whether she works outside the home.

—Donations to charitable groups by Americans rose nearly 10 percent from 1976 levels to a 1977 total of \$35 billion. Health and welfare causes are the most popular recipient of corporate funds, and individual donations most frequently go to religions.

—According to the U. S. Dept. of Labor, the annual cost of maintaining a "Higher" standard of living as of late 1977, required \$25,202 for an urban family of four, which is about 6.1 percent higher than in the previous year. An "intermediate" lifestyle required \$17,106, while a "lower" standard of living required \$10,481.

—The foregoing list of data gathered from a variety of sources is designed to keep conversations at an interesting level among 42.6 percent of Almanack readers.

BALLET COMES TO GRAYLING—Over 100 ballet students from Grayling, Roscommon, Higgins & Houghton Lake are participants in a Ballet School being conducted here in town by Louise Hayes. Grayling's First Dance Studio, known as Louise's Dance Studio, hopes in the future to form a small dance company to provide performances for both children and adults. Towards that end, a Ballet Recital has been scheduled, featuring this year's students, for August 19th at the Joseph Stripe Auditorium. The Dance Studio now features ballet, tap, toe and exercise classes and this Fall will offer a special exercise class for women over 25 yrs. old. On August 19th, though, it'll be "off to the Ballet." 27 to Take Frederic Post Office Exam

More than 25 persons signed up to take Clerk-Carrier exams that will be given by the Postal Service on August 5, 1978. Postmaster Muriel Leng said today.

"We have not replenished our job register since 1975, and this undoubtedly helped contribute to the number of applicants who want to take the tests that may lead to Postal Service employment," she said.

"But I think the response we got also indicates local residents consider Postal Service jobs attractive. I think our pay, fringe benefits, economic security and ability to advance on merit are major reasons for the large number of applicants," she said.

Salaries, not including the fringe benefits, for clerks and letter carriers begin at \$6.40 an hour and increase to \$7.50 an hour over an eight-year period. Annually, this represents a \$12,894 starting salary for a fulltime employee that increases to \$15,116 in eight years.

Postmaster Leng emphasized many postal job openings could not be expected in Frederic in the coming months, but estimated that one vacancy will occur in the next two years.

"The vacancy will be filled by offering a job to those who do well on the exams and are placed in our updated register," she said.

The postmaster said an inspection of the present job register showed many names of people who had moved or for one reason or another were no longer available to accept postal jobs.

The exams will be given at Grayling, Michigan at the High School.

Time Short For GI Bill Training

Time is growing short for those veterans who wish to enroll in college or other GI Bill training this fall. Frank Kilcullen, director of the VA regional office in Detroit, cautions.

Students enrolling for the first time this fall under the GI Bill should already be in contact with the school of their choice. Acceptance by the college requires an application as well as testing and deposits in many instances.

Veterans who wish to draw GI Bill benefits must be accepted by an approved VA institution and begin training on a specified date in order to receive their first check at the end of the first month.

Many business and technical schools also require prior enrollment and acceptance sometime before actual classes begin.

About half of the Michigan Vietnam Era veterans have taken training under the GI Bill, and eligibility for training ends 10 years after discharge. Kilcullen said as a result of this record the VA is making every effort to urge those eligible veterans to use the GI Bill benefits before they expire.

Veterans in training full time receive \$311 a month, and other benefits are available. Full information is available at the VA or from any veterans service organization.

Rep. Visits Library Here

Carol Hubbel, a representative from the Blind and Physically Handicapped Library in Traverse City, spent Tuesday afternoon, July 25th at the Crawford County Library. The reason for her visit was to acquaint the various community organizations and residents of the area to the free materials and equipment available to individuals and institutions.

Mrs. Hubbel had prepared a very impressive display and presentation on the free library services for the blind and handicapped in this region. Some articles were cassette players with books on tapes.

If you wish to use this free service or know of anyone who might, forms are for the asking at the library or call us at 348-9214, or call Carol Hubbel, 616-941-2311 in Traverse City for more information.

Social Services Board Meeting

June 26, 1978 — 303 James St., Grayling, Michigan
The June 26, 1978 meeting of the Crawford County Social Services Board was called to order at 9:30 a.m. by the Chairperson, Maureen McNamara. All members were present.

The minutes of the May 22, 1978 meeting were discussed. The date in the second paragraph was corrected to read April 24, 1978, rather than March 20, 1978, and the numbers of the Master Vouchers for April were corrected to read numbers 7698-7786. A motion was made by Mrs. McNamara to approve the minutes as corrected. Second was made by Mr. Wert. Motion carried.

Master Vouchers (numbers 7786-7856) for May, 1978, were approved on a motion by Mrs. McNamara, seconded by Mr. Wert. Motion carried.

The following bills were approved for payment on a motion by Mr. Wert, seconded by Mrs. Gorman:
McLean's ProMart (maintenance supplies) \$1.85
Mac's Drug Store (film, flash bulbs) \$35.26
Cadillac Overalls Supply (maintenance service) \$9.70
Crawford County Avalanche (printing of minutes) \$18.00
Motion carried.

A copy of a memorandum sent from Michael McDaid to Charles Frank was discussed. The memorandum reported on the pre-meeting held on June 5, 1978. A motion was made by Mr. Wert, seconded by Mrs. McNamara, to attach a copy of the letter with the minutes. Motion carried.

Mr. Keighley explained the Child Care Fund. Work will soon begin on the proposed budget for 1979.

The proposed Annual Plan for 1979 was discussed. Mr. Keighley and Mr. Porter had attended informational meetings on June 8-9, and reported the format and requirements for services are basically the same as for the current year.

The General Assistance Work Program was discussed. General Assistance cases have declined since the start of the program. It is not known if this decline is due to summer job availability. The General Assistance case count for the first half of the year is as follows:

January	20	April	19
February	23	May	15
March	23	June	8

Mr. Porter reported on the recertification figures for the ADC caseload, February through June, 1978 figures are: February, 0%; March, 1%; April, 5%; May, 5%; and June, 0%.

Purchase of Service Contracts for Runaway Services and the Commission on Aging were discussed. The contract for the Commission on Aging is now being written.

Mr. Keighley informed the Board of a large adult foster care home which is planned for the Frederic area and of a Probate Court audit conducted by Bill Fox, Auditor of Child Care Funds for the Michigan Department of Social Services.

The Board approved the purchase of a rubber stamp to be used for the calling cards used by the Protective Service Worker. Motion was made by Mrs. McNamara, seconded by Mr. Wert.

Mr. Wert suggested a notice be placed in the newspaper concerning the progress being made on the new building. Since there was no new information available, such notice will be delayed until more concrete information is available.

There being no further business to come before the Board, the meeting was adjourned at 11:50 a.m., on a motion by Mrs. Gorman, seconded by Mr. Wert. Motion Carried.

November Ballot May Be Real Voter Maze

Besides the usual number of statewide legislative and local candidates vying for public office, the November ballot will be crowded with at least nine proposals to change the state constitution.

Voters will be asked to decide such weighty questions as raising the drinking age, limiting state expenditures, halving property taxes and a voucher system for education.

Petitions were filed to place the voucher system on the ballot which supporters claim will foster "competition for excellence" among schools.

The opposition says the systems, which will allow students to attend schools of their choice, is nothing more than parochial and will adversely affect integration programs.

Public money will support education in private and parochial schools under the plan and it could dismantle school busing programs. Its purpose is designed to create equality between the affluent and the lower-income families by letting students go to better schools than may be in their districts.

The amendment will eliminate property taxes as the major source of education funding, cutting the taxes therefore by 65 percent, or \$1.8 billion. To make up the lost revenue, supporters propose increases in the income, nuisance and property transfer taxes.

The model plan requires that vouchers not be used for religious education. Religious schools will have to charge extra tuition for religious education and keep account of that.

Another question will be the so-called Meadlee amendment which would limit state spending to actual increases in personal income. The proposal is designed to put a cap on state spending to keep spending in line with personal income increases.

Signatures were filed also to place the so-called Tisch amendment on the November ballot to ask voters to cut property taxes. However, the final signatures were gathered in such a hurry there are serious questions as to whether they will be validated to qualify for the ballot.

The Tisch amendment also puts limits on the Legislature prohibiting it from raising the income tax rate by more than 1 percent. The amendment also allows local income taxes of one percent for schools.

Here is a rundown of other amendments that will probably appear: Bail Bonds adopted by the Legislature; authorizes judges to deny bail bonds to accused felons with at least three other serious felony convictions on their records and for certain violent crimes.

Investments—adopted by the Legislature; authorizes the state to deposit its funds in credit unions, savings and loan associations or banks.

Constitution Convention—required by the current constitution; asks whether a convention should be called to propose a new constitution.

Police Bargaining—initiative petition promoted by the Michigan State Police Troopers Association; authorizes collective bargaining by State Police troopers; provides for binding arbitration for unresolved disputes.

Drinking Age—initiative petition promoted by the coalition for 21; initiative petition promoted by Oakland County Prosecutor L. Brooks Patterson; requires persons convicted of violent crimes to serve at least the minimum term before being eligible for parole.

Voters must more than ever prepare themselves very well for the November general election. This is the year for every voter to exercise the right to vote, but to cast an intelligent vote, the electorate must be well read and be ready to answer the questions being put to them.

VANDALS—working downtown last week managed to twist this new maple tree to death in an act of malicious destruction. The tree, planted next to the Homestead House, was one planted by the City this Summer in its beautification project. Cost to the city was estimated at \$25. (Joe Schrader Photo)

Court of Appeals Candidate Visits Grayling

By Joe Schrader

26th Circuit Court Judge Joseph Swallow, a candidate this year for the Court of Appeals in Michigan, visited Grayling last Wednesday, this including Crawford County on his Campaign Trail. Swallow, from Alpena, now serves as Presiding Judge of the 26th Judicial Circuit of Michigan and has previously served in the Michigan Legislature as Representative of the 105th District. He is

also former Prosecuting Attorney of Alpena County.

An Alpena native, Judge Swallow was educated in the Alpena Public School System and holds a B. S. Degree from Central Michigan University and a J. D. Degree from the Detroit College of Law. He served as paratrooper in the United States Army, serving from 1955 to 1958, being discharged with the rank of Captain. He is past president of the

Alpena Boys Club Board of Directors and also served as District Boy Scouting Chairman. He was Director of the Judicial Section of the Michigan Bar Association and is a member of the American Bar Association. Swallow served with the Michigan House of Representatives from 1964 through 1972.

Judge Swallow has most recently designed and caused to be instituted an experimental Family Court within his four-county Circuit.

Married to the former Jane Richards of Alpena, Swallow has three children; Sarah Stewart, Daniel Emmet, and John Patrick.

AN OPEN LETTER TO THE VOTERS OF CRAWFORD COUNTY

I am running for the Crawford County Board of Commissioners at the urging of friends and persons in public life who are concerned about both the costs of local government, and the direction our county government has taken in recent years.

While inflation has squeezed local government as well as the taxpayer, I don't feel economy in government is a lost cause. I support the Michigan Tax Limitation Bill as a start, to be followed by strict adherence to priority budgeting and a streamlining of our county operation.

I urge the elimination of many of the committees, boards, and commissions presently staffed by our seven commissioners at per diem pay. Whenever possible, I would substitute these boards with the expertise of appointed and elected officials already paid to serve us, such as: equalization director, treasurer, clerk, and sheriff.

I would investigate the possible merits of engaging a county co-ordinator to do the endless footwork and routine administrative jobs which have made a commissioner's duties nearly full time.

In returning the commissioner position to a less time consuming job, we would invite the future participation of many highly qualified people who are presently unable to serve due to occupational demands. I don't feel we can afford to limit our selection of representatives to only those with time to spare. It's a waste of community talent we are going to need as the county grows.

My ideas are the result of countless hours spent in area governmental meetings over the past two and a half years. As a media representative I have been exposed to a great deal of input from citizens and elected officials, and believe I understand the problems and frustrations of both.

Times are changing, and we must be open to new ideas and new approaches to cope effectively with Crawford County's changing needs. If there are to be changes, I would hope for the opportunity to help direct them.

SIZING UP the Grand Canyon, Dr. Bradford Washburn, director of Boston's Museum of Science, and his wife, Barbara, perch atop Dana Butte, one of the many spectacular pinnacles that served as control points during their seven-year mapping survey of the breathtaking Arizona National Park. Helicopters lifted them to many of the rocky spires, some of which probably had never before felt the foot of man. Distances

and angles they surveyed between the control points, like the framework of a building, became the skeleton of a map that cartographers fleshed out with contour lines, shadings of cliffs and precipices, and colors representing the earth tones of the canyon. The 104 square miles of the canyon's heart, at about 2-1/2 inches to the mile, is the biggest scale ever made of this favorite target of tourists, hikers, and campers.

**Two Stars For
Same Time ...**

The Cherry County Playhouse productions of the current Broadway comedy "Same Time Next Year" will feature two television celebrities, Marcia Wallace, of "The Bob Newhart Show", and John Lawlor, of "Phyllis", will team up for the two week run of Bernard Slade's romantic comedy.

"Same Time Next Year," which runs August 8 through 30 at the Traverse City summer stock house, is not only the story of a love affair that takes place only once a year,

but is also a reflection of two and a half decades of manners, morals, and attitudes in America. The two character play tells the story of George and Doris, two happily married people who agree on a brief tryst that is held the same weekend each year. The affair begins in 1951 and is seen in six scenes, each one five years later than the previous one. As Doris, Marcia Wallace

starts out as an awkward, uneducated girl becoming in progression - a restless young housewife, a student returning to college, an over-aged flower child, a career woman, and finally a settled matron. John Lawlor's George, starts out as an uptight neurotic accountant and over the years becomes increasingly stuffy and richer only to give it all up. He goes into analysis, joins encounter groups, becomes a latter-day hippie and finally ends up back in the establishment.

Both Marcia Wallace and John Lawlor are relatively new to the television celebrity scene. Ms. Wallace appeared on such programs as "Columbo," "The Brady Bunch," and "Bewitched," before gaining national attention as Carol Kester, Dr. Hartley's receptionist on "The Bob Newhart Show." Mr. Lawlor who plays Leonard Marsh on "Phyllis" has also appeared in the films, "Outside Chance," "Billy Jack Goes to Washington," and in "Heroes" with Henry Winkler.

People like Bob Davis...

They trust him...

They want
him in
Washington.

Dear Friends,
I have spent 12 years as a Michigan Legislator-getting to know you and your problems, serving you, getting things done for you-and during that time I have gained much knowledge and experience. I have also accomplished a great deal. I started my public life on the local level, as a city councilman, and I know how important it is for local officials to be able to work closely with state and federal officials. I have helped solve many local problems during my legislative career, and I have helped your local officials to cut through red tape in order to receive funding for needed projects.
I want to take this background and experience to Washington to work for you there. I know what needs to be done, and I know how to do it. I have proven that I am a person who can get things done, and I want to continue getting things done for people, for you and your families.
I want to thank you for all of your support in the past. I have won nine straight elections-every race I've taken part in. That proves I can also win in November. I need your support now in the Republican Primary for United States Congress on Tuesday, August 8.

Sincerely,
Bob Davis
